Mr. and Mrs. Sidney Wedmore, Miss Ruth and Harding Wedmore of San Jose were the house guests last week of Mr. and Mrs. J. Herbert Smith of 511 North Central avenue. Although the latter part of the northern visitors' vacation was somewhat interfered with by the heavy rainfall, nevertheless they defied Dame Nature by enjoying several little jaunts to various southern California mountain resorts.

The Wedmores left Saturday morning for their home in San Jose.

Miss Sylva Groover Is Honor Guest At Shower

Miss Bernice Morehouse and Mrs. Glenn W. Mark of 1000 and 1004 East Lomita avenue, respectively, were the Glendale guests Saturday afternoon at a delightful shower in honor of Miss Sylva Groover at her home in Los Angeles.

Miss Groover, who is an old friend of these two Glendale young ladies, will be married on Thursday of next week.

ORDINANCE FOR NEXT FISCAL YEAR IS OUTLINED; RAISES TO RETAIN EMPLOYEES

Several hundred dollars a month was added to the payroll of the city of Glendale last night by the Board of City Trustees in boosting the salaries of the heads of many departments and granting other raises in pay which are deemed necessary to keep an efficient staff of municipal employees.

In considering the salary ordinance for the coming fiscal year, the board decided it would not make a general raise, but would make satisfactory adjustments where advisable on account of the increased business handled or greater responsibility.

Some Increases Made

Following are some of the raises made in monthly salaries:
City attorney from \$125 to \$175.
Police judge from \$100 to \$150.
Health officer from \$50 to \$75.
Police and fire chiefs from \$169 to \$175.

Building inspector from \$150 to \$175.

Commercial agent from \$150 to \$175.

Superintendent of public service plant, \$225 to \$250.

Firemen and policemen were granted a \$5 monthly raise in addition to a graduating pay scale.

Several members of the clerical staff also were granted raises.

Long Legal Battle In Arrest Of Motorman

Indicative of a long legal battle in the defense of S. J. Broswell, Pacific Electric motorman arrested in connection with the death of Miss Eugenia Lindsey and the serious injury of her sister, Miss Sally Lindsey, when a Burbank limited train crashed into the college girls' automobile at Los Feliz Road and Brand Blvd., the railroad company's attorneys this morning filed a demurrer to the complaint charging Broswell with driving his car in excess of the speed limit fixed in Ordinance 400.

The validity of the provisions of that ordinance insofar as interurban railways were concerned is attacked by the demurrer on the ground that the state railroad commission only can make rulings regarding the conduct of such a utility. Mr. Broswell's hearing is scheduled for this afternoon at 3 o'clock, before City Recorder F. H. Lowe, but with this point of law to decide he may not come to trial for months.

MILITARY FUNERAL HELD

Funeral services of Warren Vinacke were held yesterday afternoon from the Little Church of the Flowers. His former comrades in the Glendale company of National guards participated, some as pallbearers and others detailed as a firing squad. He leaves his parents, Mr. and Mrs. H. C. Vinacke, and a sister, Mrs. D. Bradford of Eugene, Oregon.

ENTERTAINMENT AND DANCE

An entertainment and dance is being planned for Friday in honor of the Eastern Star Matrons and Patrons of 1921 of the southern jurisdiction by the local chapter. Other guests will be members of Glen Eyrle chapter and their immediate families.

AUTOMOBILE COLLISION

LOCAL COMMITTEE PAYS VISIT TO LOS ANGELES AND TELLS ABOUT GLENDALE'S PLANS

By GLEN and DALE
Some folks are afraid of a little rain, but the Glendale people who went down to the Los Angeles county convention executive meeting held in the auditorium of the Y. M. C. A. building Sunday afternoon were not. They also found 250 Endeavorers from all over the county who were not. The room was crowded when Glen and Dale arrived and as we were the honored guests, people arose to offer us seats.

The name Glendale appeared in large capitals on the program. The meeting opened with a lively song service, led by a Christian Endeavor favorite, Roy Creighton, and with Miss Kirkwood at the piano.

Following a devotional service each of the county Christian Endeavor officers made reports of work accomplished during the month. These forty faithful workers have been talking Glendale, June 25 to 29 wherever they have made visitations and in all literature sent out from their headquarters, 210 Bradbury building, Los Angeles.

Each District Responds
Each of the districts were then called on. When the name of the delegation was called they arose in a body, repeated a scripture verse, and president reported what the district had accomplished in the last month and what was planned. The one item that was heard in almost all reports was a Glen and Dale party or banquet, planned or held. Whittier, Pomona, Santa Monica and Redondo were well represented while there were twenty to twenty-five present from Long Beach, Pasadena and San Gabriel valley. Antelope valley had one representative.

Miss Carol Duncan, president of the Glendale district, reported the (Continued on Page 8.)

V. Philbrick and their children, Elizabeth, Robert and Paul, were house guests at the Watson home. Mrs. Helm returned with them to their Arlington home where she will visit for several weeks.

He is a graduate of the Indianapolis Conservatory of Music, and has studied piano with Carl Beutel and Vernon Spencer, and organ with Clarence Eddy. His work in composition has recently been commended by Dr. Percy Goetschius of the Institute of Musical Art, New York City.

Mr. and Mrs. Boyd Entertain Y. Leaders

Mr. and Mrs. W. G. Boyd of 326 North Jackson street, assisted by the boys of Mr. Boyd's Y. M. C. A. group, entertained at dinner last night for the leaders of the Y. M. C. A. groups of Glendale. The guests included S. H. Wilcox, Joseph Myers, J. W. Cotton, Ray Jewel, Paul Edwards, Robert Elliott, Harry Marple, Everett Anderson, Edwin Murphy, Rex Kelley and Neal Locke, county secretary from Alhambra.

This was the last regular meeting of the leaders for this year. Each group made a report of its activities since the last meeting and gave a resume of the year's work. Plans were discussed for collecting bundles for the Near East Bunde Day, and also of the round-up to be held at L. C. Brand's aviation field Friday night and Saturday

HEADS OF COMMANDERY NO. 53 PUT IN OFFICE; NUMBER OF BRIEF TALKS MADE

One of the most important functions of the year of Glendale Commandery, No. 53, Knights Templar, took place last night when the officers who had been elected for the coming year were installed last night by Robert Wankowski, past grand commander of Knights Templar of the State of California, assisted by the grand marshal, A. J. Copp, Jr. Baskets of vari-colored gladiolus, red carnations and potted ferns decorated the lodge room and served as a beautiful background for the knights, who wore their templar regalia and plumed hats.

Past Grand Commander Sir Robert Wankowski and suite were escorted into the lodge room by Commander-elect Dan Campbell. The first verse of the national anthem was then sung by all present. This was followed by a prayer given by the prelate, O. E. Von Owen.

Officers for the ensuing year, both elective and appointive, then retired to the anteroom and were escorted into the lodge room by Grand Marshal Eminent Sir A. J. Copp, Jr. Dan Campbell, commander-elect was then prestinted for installation to Sir Robert Wankowski, past grand commander, who administered oath of office and invested the jewel of office.

Given Oath of Office

Dr. Joseph Marple, accompanied by Mrs. Marple at the piano, then sang "Open the Gates of the Temple." He responded to an encore by singing "God Is My Shepherd."

George U. Moysse, generalissimo; Dr. R. V. Hogue, captain general; Robert M. Grumbling, senior warden; William Worley, junior warden, were then presented in order and were administered the oath of office and invested with the jewels.

Although the lights all over the city went out quite unexpectedly, the ceremonies of installation were continued by candle light until the power was again turned on.

Mrs. William Barber of Los Angeles quite delighted the members and friends by giving a group of (Continued on Page Five)

Mr. and Mrs. Campbell Are Hosts At Dinner

Mr. and Mrs. Dan Campbell of North Highland avenue entertained at dinner last night in honor of several of the visiting Knights Templar who assisted in the ceremonies of installation at the Masonic Temple last night. Mrs. Campbell was installed commander of Glendale Knights Templar Commandery, No. 53.

Places were set for Robert Wankowski, past grand commander of Knights Templar of California, and wife; A. P. Copp, Jr., grand marshal of Knights Templar of California, and wife; Percy Prialux, retiring commander Glendale Commandery, and wife; Mattison B. Jones, grand high priest of Royal Arch Masons of California, and wife; and the host and hostess Mr. and Mrs. Dan Campbell and son Arthur and daughter Kathleen. A basket of Easter lilies formed the centerpiece of the dining table.

After dinner the party adjourned to the Masonic Temple for the installation ceremonies.

Spanish Dinner Served To Party Of Friends

Mr. and Mrs. J. H. Smith of 511 North Central avenue were hostesses on Wednesday evening of last week at an elaborate Spanish dinner served in the famous Casa Verdugo restaurant. After the feast the party further enjoyed themselves by attending a performance at one of the local theatres.

Those who were the guests of Mr. and Mrs. Smith were Mr. and Mrs. Sidney Wedmore, Miss Ruth Wedmore of San Jose, and Mr. and Mrs. Seymour G. Smith of this city.

Here's Fish Story As Told By Glendale Folk

Robert Gerth, 1022 Virginia Place, and his father, Theo. A. Gerth of Illinois, together with Dr. W. F. Hurt of Glendale, went on a fishing trip last Sunday at San Pedro. They went out eight miles in Mr. Gerth's motorboat, "Roneador," bringing in about thirty-five fish weighing between 150 and 160 pounds in all.

They state that the sun was out for about two hours and it did not rain all the time they were out on the water.

Today's World News In Brief

(By United Press to Glendale Evening News)

GERMANY PROMISES TO CLOSE UPPER SILESIAN BORDER

PARIS, May 24.—Germany today promised to close the Upper Silesian frontier and disarm and dissolve their regular forces sent to combat the Poles. The promise was in response to the French ultimatum threatening penalties if the action were not taken. The German answer came with unprecedented speed, the French demand having been submitted to the German ambassador here only last night.

SEVENTEEN KILLED IN IRISH ELECTION DAY RIOTS

BELFAST, May 24.—Seventeen voters were stabbed and beaten here today in election day riots. The riots broke out in the Ballymacarett shippard district, filled with labor agitators and Sinn Fein sympathizers. Despite the police and military guards about a Saunders street booth, the anti-Unionists taunted the voters who approached the place. From stone throwing the disturbance grew into a hand-to-hand conflict in which clubs and knives were freely used.

BRITISH TO TURN MACHINE GUNS ON SNIPING HOUSES

ALEXANDRIA, Egypt, May 24.—Machine guns will be turned on any house from which there is sniping, the British commander here declared today in a proclamation. To curb the anti-British uprising curfew was enforced last night and large forces of soldiers patrolled the quiet streets. It was announced officially that of the twenty-three killed in the riots here none was a British soldier. There were some British among the 130 wounded. The situation was quiet today.

HALF MILLION LOSS BY FIRE TO DALLAS BUSINESS

DALLAS, Texas, May 24.—An entire downtown block of business houses was damaged by fire early today. Loss was estimated at \$500,000. Officials said the fire started in a furniture store. No one was injured. Only one furniture store—the Winn Furniture company—escaped being gutted in the block bordered by Harwood, Olive, Elm and Pacific streets. The Harwood-Pacific Storage company, where in addition to other goods, 250 automobiles were destroyed, suffered the greatest loss. Other business wiped out included the Hughes Furniture company, two hotels, a branch of the Singer Sewing Machine company. Occupants of the hotels fled in their night clothing. The fire was believed to have started in the Hughes Furniture company.

RESOLUTION CALLS FOR OCCUPATION OF RUHR VALLEY

PARIS, May 24.—A resolution calling for immediate French occupation of the Ruhr valley was prepared for the chamber of deputies today. Deputy Galli announced that he would present the resolution as a penalty for Germany's failure to prevent volunteers from entering Upper Silesia. When the chamber convened today the Silesian situation took precedence over debate on Premier Briand's policies which had been continued from last week. Galli's resolution was expected to result in full discussion of recent correspondence between Germany and France. The latter twice warned the Berlin government that penalties will be exacted if German volunteers are not prevented from entering Silesia.

MOTOR STOCKS UNDER PRESSURE ON N. Y. EXCHANGE

NEW YORK, May 24.—Motors were still under pressure on the New York stock exchange today and the general list was irregular. Studebaker was 1/4 down on opening at 73 3/4 and Chandler was off 5-8 at 63 3/4. During the first hour there was heavy selling in oils, which carried those shares down. Mexican Petroleum failed to respond to reports of new oil wells and was 1/4 off at the first sale at 149. It rallied later to 150 5-8. There were sharp reactions in California Petroleum and Royal Dutch. Tobacco stocks held up in line with the close yesterday with Retail Stores up 1/4 at 61 7-8 and American Tobacco A at a new high for the year at 149 3/4. United States Steel was unchanged at 83 1/2 and Crucible was up 1/4 at 73. Republic was 3-8 off at 38. The passing of the Central Leather preferred dividend announced today, caused a sharp reaction on the New York stock exchange. Central Leather preferred and common, immediately fell several points each. Traders were surprised at the announcement, as recent information from Boston had indicated the regular dividend of 1 3/4 per cent for the quarter would be declared. A resumption of dividend on the common stock was believed remote as the preferred is a cumulative stock. All back dividends on the preferred must be paid before any can be declared on common.

FEDERATION OF WOMEN'S CLUBS OPENS AT YOSEMITE

CAMP CURRY, May 24.—More than 1000 women are gathered here for the twentieth annual convention of the California Federation of Women's clubs. The first day of the convention is being devoted to reports of officers. Mrs. Aaron Schloss of Berkeley, president, is presiding. The most important event of the convention will be the gigantic pageant Wednesday when 1000 women from all parts of the state will compete for first honors for their respective sections. The theme of the pageant is taken from Gertrude Atherton's history of California and club groups throughout the state have been practicing their parts constantly with a view to carrying away the thespian laurels. The keenest competition exists between the northern and southern California groups. Election of officers promises some rare treats when the post of first vice president is considered. Mrs. W. A. Fitzgerald, of Berkeley, is unanimously favored for president, but both Doctor Mariana Bertola of San Francisco and Mrs. O. W. March of Chico, are mentioned for the vice presidency post.

The convention of the California Federation of Women's clubs, which is being held this week at Yosemite, is being attended by approximately 1500 delegates and alternates from the six districts affiliated in the federation. As stated in a recent issue of The Glendale Evening News, Glendale Tuesday Afternoon club is represented by Mrs. C. E. Stanley, Mrs. M. M. Gale, Mrs. Catherine Burnham, Mrs. Edgar Leavitt and Dr. Jessie Russell.

GIVES REASONS WHY GARBAGE CHARGE IS NECESSARY

PUBLIC STATEMENT IS MADE BY CITY MANAGER WATSON, CITING FACTS, FIGURES

Relative to the plan by the board of city trustees to make a charge for the collection of garbage and waste material from those wishing the service, T. W. Watson, city manager, today issued the following statement:

By T. W. WATSON
City Manager of Glendale

"Few people realize the extent of the service that the city is required to render in the collection and disposal of various classes of waste matter or the amount of money that is necessarily spent in the promotion of municipal cleanliness.

"The budget for the ensuing fiscal year is now being prepared and while the figures are not complete or final, they indicate that it is going to require an expenditure of approximately \$34,316.25 during the coming year in the public welfare department. This includes the cost of all efforts of the city through the office of health officer for the conservation of life. This consists largely of measures for the prevention of the spread of contagious diseases. To this end the services of a health officer, a sanitary inspector and a health nurse will be employed. The total cost of this service will be approximately \$4,000. In addition to this a general sanitary inspector will be employed to inspect the dairies and water supply and to investigate reports of unsanitary conditions and employ measures to correct the same.

Quotes Some Figures

"Scavenger service, that is the gathering of garbage, waste matter and rubbish and street cleaning, will require the services of three trucks most of the time and there will be employed in this service eleven men whose monthly salaries will total \$1313 per month or \$15,756 per year. The cost of operating these three trucks will exceed \$3,000 per year.

"The above are some of the main items that make up the total cost of the public welfare department. This department includes the division of forestry which we will not discuss here.

"As the city grows larger and the population increases in number and density, more stringent measures must be taken to safeguard the public health and larger provisions made for the gathering and removal of (Continued on Page 3)

This is temporary, however, as he intends to branch out in some other line of endeavor after this month.

While living in this city Mr. McRae was employed by the Los Angeles organization of the Young Men's Christian association for several years, holding the position of county organizer when he moved east several months ago. During the war he was a secretary in the association, serving in several camps in this country.

Mrs. McRae and the two smallest boys have located in Auburn, New York, where the latter are attending school. Horace, the oldest son, remained in Glendale and will not join his parents and brothers until the present high school term is over.

but the three of us divided it 50-50."

"Three of you and 50-50? Im-
possible! How could that be?"

"Why, you see, two of us were my
counsel."

ENDORSE S. A. DAVIS GIVES REASONS WHY FOR CITY COUNCIL AT GATHERING GARBAGE CHARGE IS NECESSARY

UNANIMOUS ACTION TAKEN BY
OAK STREET ASSOCIATION;
MEET AGAIN WEDNESDAY

The meeting of the Oak Street Im-
provement association, which was
held last night at the home of Mr.
and Mrs. F. A. Clarke, 351 Oak
street, was attended by about fifty
interested citizens of that section of
the city, who met for the specific
purpose of deciding upon a candidate
for City Council who could receive
the unanimous endorsement of the
organization.

S. A. Davis of 118 West Colorado
street had been recommended to
members of the organization by
many prominent voters and a com-
mittee had been appointed to inter-
view him and secure his consent to
become a candidate, which until last
night he had not given.

Mr. Davis was present at last
night's meeting and after making
some valid excuses finally capitulated
and was unanimously endorsed by
the association.

Meeting Wednesday Night
Propositions concerning the wel-
fare of Glendale were then discussed,
but owing to the late hour it was de-
cided to have a special meeting Wed-
nesday night at 351 Oak street, be-
ginning at 8 o'clock, to which the
public is invited.

provided for adequately on the as-
sumption that the people do not
want these matters neglected in any
particular.

Paid By General Tax
"All the services rendered in this
particular have been paid for heretofore
by general tax in which all the
property holders of the city partici-
pate. It is not planned to perma-
nently deviate from this policy.
The charges proposed to be collected
for the gathering of garbage and
waste matter for the first six months
of the ensuing fiscal year should be
considered as a temporary measure
for the sole purpose of carrying us
over that period between the levying
of taxes for the ensuing fiscal year
and the collection thereof which is
usually from four to six months. The
city will be called upon to render
this service from four to six months
in advance of the payment therefor
by taxation.

"In this connection we must bear
in mind that during the last year
approximately five thousand people
have been added to the population
of Glendale, greatly increasing the
volume of service that is required to
be rendered in this connection. The
cost of this service has also greatly
increased during the past few years
and it is to meet this emergency that
the charges for the collection of gar-
bage will be made. These charges
will be 3 1/2 cents per month for the
removal of garbage and waste mat-
ter, and if all who are now receiving
this service pay this small charge
there will be collected during the
first six months of the ensuing fiscal
year approximately \$8000. It is an-
ticipated, however, that a number
will find other satisfactory means of
disposing of their garbage and that
the actual receipts will amount to
approximately \$1000 per month,
which we estimate will cover the cost
of gathering garbage and waste mat-
ter.

In Business Section
"Rubbish will only be gathered
in the business district for the
reason that it is not best
from the standpoint of fire risk to
permit it to be burned there. A small
charge will be made to cover this
also. This charge will range from
25 to 50 cents per month. The city
is now gathering waste papers and
rubbish daily in the entire business
section of Glendale. This service
will cost the city approximately \$3,-
000 for the present fiscal year. The
small charge that will be collected
for this service beginning July 1,
1921, is not expected to entirely
cover this expense, but will help out
greatly during the first six months
of the fiscal year and is needed for
reasons stated above.

"It might be well to mention in this
connection that in order to adequa-
tely provide for this service, the city
has had to purchase two trucks and
equipment which cost about \$4,200.
This is an expenditure that was not
contemplated in the budget for the
present fiscal year and will have to
be met largely from the revenues of
next year. It is well to remember in
this connection that cities as well as
all other business institutions have
been affected by the rise in costs
during the past several years. Not-
withstanding this the city of Glen-
dale has not found it necessary up to
the present to employ any special
means of raising revenue such as
special taxes, high licenses, etc."

164 NEW MEMBERS AT PRESBYTERIAN CHURCH SUNDAY

MANY COME AS RESULT OF
JOHN BROWN'S CAMPAIGN;
SEEK NEW BUILDING

A remarkable service was held at
the Glendale Presbyterian church
last Sunday morning. In spite of
inclement weather conditions the en-
tire seating capacity of the building
was utilized and still others who
sought admission were turned away.
The sacrament of the Lord's Supper
was observed and the ordinance of
baptism was administered to a large
number.

A total of 164 members were re-
ceived into the membership at this
service. Many of these received
were a direct result of the John E.
Brown evangelistic services recently
held in Glendale, while many others
came without the spur of this great
evangelistic effort, as new members
are received every week and at
nearly every service.

New Church Building
The imperative need for the new
church was never more apparent
than at the service of last Sunday
morning. Rev. W. E. Edmonds, the
pastor, emphasized this in announc-
ing to the congregation that the
plans for the new church were being
pushed as rapidly as possible by the
officials who have the matter in
charge.

The congregation is looking for-
ward with much enthusiasm to the
enlarged opportunity for service
which will be brought about with
the erection of a great church build-
ing such as is being planned.

Federated Missionary Societies In Session

A meeting of representatives of the
federated missionary societies for
Glendale was held yesterday at the
First Baptist church, Mrs. O. L. Kil-
born in the chair. Report of the
nominating committee was given by
Mrs. C. W. Spiekerman and the fol-
lowing officers were elected for the
coming year: Mrs. Effie Weien,
president; Mrs. W. J. Jeter, vice-
president; Mrs. A. L. Howard, cor-
responding secretary; Mrs. R. W.
Mottren, secretary-treasurer. The
remainder of the morning was de-
voted to a bible study by Mrs. J.
Rhea Baker. A bountiful luncheon
was served at noon, with the ladies
of the Baptist church as hostesses.

In the afternoon Mrs. Ray Bentley
sang a very excellent solo. Mrs.
Margaret Locke Coats, representing
the home missionary work of the M.
E. church, gave a very splendid talk,
as did the Reverend Greffit, who is
a missionary and spoke on the reli-
gions of Japan.

Recognition Of Mexico By U. S. May Be Result

WASHINGTON, D. C., May 24.—
The last obstacle to American recog-
nition of the present Mexican gov-
ernment has been removed, it was
believed here today.

The United States has been insist-
ent that any recognition must hinge
upon definite assurances that Amer-
ican lives and property in Mexico
would be adequately protected.

President Obregon has been equal-
ly insistent that he cannot sign a
set of written guarantees, because
of the impression of "coercion" that
would result in this country.

The communication from Secre-
tary Hughes, which George T. Summerlin,
charge d'affaires, is bearing to Mex-
ico City, however, was authorita-
tively stated today to contain merely
the suggestion that certain steps
should be taken by the Mexican gov-

Accuses Crown Forces
Of Murder, Arson, Loot

LONDON, May 24.—General Crozier, former commander of the Black and Tan police in Ireland, in an article printed today by the Daily News, charged that crown forces in Ireland were guilty of murder, arson, looting and terrorism.

Crozier resigned from his command when his sentences for Black and Tan looting were overruled by higher authorities.

Crozier said that during the time he was in Ireland the Black and Tans continually murdered the Irish, burned their dwellings, and stores, and practiced other forms of terrorism.

The general also charged that high

Chiropractors Prove
Martyrs For Freedom
Asserts Albert Vack

Editor The Evening News:—From time immemorial some individual or a class of people became martyrs for an ideal, a cause, or a principle! Jesus Christ died on the cross, the early Christians were burned on the stake or thrown in lions' dens, singing and praising the glory of the living God. Our forefathers of America died and freed that country from the oppressing hand of English kings, that we might enjoy freedom by virtue of our creator. Even though they are dead their ideal shall live forever.

The constitution does grant and guarantee to the individual the right of life, liberty and happiness, and an individual has as much right to call in a physician of his choice during illness as he has to select his church or his minister. As Benjamin Rush, M. D., a signer of the Declaration of Independence, said, in his speech before the constitutional convention: "The constitution of this republic should make special provision for medical freedom; to restrict the art of healing to one class will constitute the bastille of medical science." The practice of medicine originated from heathenish, Apollo and Phoebeus being the Gods of medicine, and is more barbarous than our early Christian persecution. The original physicians oath began thus: "I swear by Apollo, the physician Esculapius, God of Health and all other gods and goodness that according to my ability and judgment I will keep this oath, etc."

Quotes From Bible

There is not a single line in the Bible favoring drugs or the works of physicians.

Jeremiah 46:11, "In vain shalt thou use many medicines."

Job 13:4, "Ye are all physicians of no value."

Ezekiel 34:4, "The diseased have ye not strengthened, neither have ye healed that which was sick."

Mark 5:25-26, "And a woman which had an issue of blood twelve years and had suffered many things of the severest kind from the hand of the medical octopus, by making discriminating laws in legislatures contrary to the constitutional right of its citizens, employing foul means in securing the arrest and imprisonment of such men and women who, inspired through Christ, are relieving the suffering of humanity."

What did Christ preach? Love, brotherhood of man and heal the sick, cleanse the lepers, raise the dead, cast out devils; freely ye have received, freely give. No greater mockery, as those who go to church as physicians on Sunday, listening to the wonderful instruction of our greatest master and persecuting on week days those who are living His truth. Ye hypocrites, blasphemers of His word. Ye blind, leading the blind; if you would only wake up and know God's handiwork in man ye would not drug, poison, serumize and vaccinate His sacred bodies.

From Noted Physicians

Let us see what some good noted physicians write. The medical profession for the last ten years has been going hog wild over the germ theory, serums, antitoxins, etc., so much so that we have almost departed from our former field of limited usefulness. Our cures are nicely figured out in the laboratory by test tubes and apparatus, but when we come to slap them up against real condition they don't work.

Dr. Cogswell, Boston, Mass., in speaking of the so-called advance of the art of medicine says: "It is my firm belief that the prevailing mode of practice is productive of vastly more evil than good, and were it absolutely abolished mankind would be infinitely the gainer."

Dr. Benjamin Waterhouse, professor of surgery at Harvard university, "I am sick of teaching quackery in the medical ranks," and many other statements.

Persecution Is Charged

"I, Albert Vack, Doctor of Chiropractic, am a victim of the most vicious persecution of the medicals, being arrested and shanghaied to Alhambra to be judged—for what? For doing good to my fellow man." Matthew 5:10, "Blessed are they which are persecuted for righteousness sake, for theirs is the kingdom of heaven." If our officials, judges, legislative bodies and medicals would vainly realize the meaning of our beloved flag, the Stars and Stripes, they would hang their head in shame.

I want to extend many thanks to the ignorance of the medical profession as they are spreading through these arrests of innocent practitioners the gospel of medical freedom and liberty. Chiropractically,

officials in Dublin Castle had framed evidence against Irish prisoners and that they had hushed up three cases of murder which he mentioned specifically. Two of these were prisoners whose deaths were later reported as occurring when they attempted to escape, Crozier said.

The general declared the Black and Tans had no provocation for the Croke Park "massacre" last November.

The Daily News printed the general's charges with a statement that a public and parliamentary inquiry is imperative.

PRESIDENT OF TRUSTEE BOARD
CONSENTS TO BE CANDIDATE
FOR CITY COUNCILMAN

Dwight W. Stephenson, president of the Board of City Trustees, is a candidate for member of the City Council under the provisions of the city charter recently adopted by the voters of Glendale.

Mr. Stephenson, in response to a letter signed by 246 of his fellow citizens, representing professional men, business men, laboring men, housewives, club women, business women, his comrades in the world war and others, has formally authorized the announcement of his candidacy and a nominating petition, as required by the charter provisions, will be put in circulation.

Mr. Stephenson has resided in Glendale for fifteen years, is a graduate of the local high school and is considered one of the most prominent of the younger men of the city. His communication to The Evening News relative to his candidacy is given in full as follows:

Editor Glendale Evening News:—I have received the following letter, signed by two hundred and forty-six of my fellow citizens:

"Hon. Dwight W. Stephenson, 'Dear Sir:—Recognizing the ability, impartiality, sincerity and energy you have displayed during your tenure of office as city trustee and chairman of the board, and believing the city needs your continued efforts and services, we, the undersigned citizens of Glendale, earnestly request you to submit your name as candidate for re-election June 28.'"

The men and women who signed this letter do not all live in any one section of our city, nor are they from one particular class. It is signed by professional men, business men and laboring men, by housewives, club women and business women and last, but by no means least, my comrades of the late World War.

Petition in Circulation

I have given the request contained in said letter careful consideration and have decided to comply therewith and have this day authorized the circulation of my formal nominating petition.

In submitting my name as a candidate for the city council, I deem it proper, at this time, to inform my fellow citizens as to who I am and what I propose to do if elected.

I have lived in Glendale for a period of fifteen years and am a graduate of the Glendale High School. After finishing high school, I entered the College of Law of the University of Southern California and was admitted to practice law on the twentieth day of January, 1915. Since that time I have been and now am actively engaged in the practice of my profession. When our country became a participant in the late World War, I entered the army and served therein in the capacity of both enlisted man and officer. In April, 1920, I was elected a member of the Board of Trustees of this city and on the thirtieth day of December, 1920, was elected president of said board, in which capacity I am now serving. My record as a city trustee and president of said board is accessible to any one who may care to examine it. Anything I may say could neither add to nor detract therefrom. If re-elected, I shall take office pledged to no man or group of men; I shall represent no clique, faction or section of the city over any other; but on the contrary, do everything in my power to work for a better, a more united and a more progressive city.

With a full appreciation of the great honor my fellow citizens have conferred on me, as shown by the letter above set forth and fully conscious of the responsibility of the office sought, I submit my name as a candidate for the city council.

Respectfully,
DWIGHT W. STEPHENSON.

Test Of Strength To
Come On Senate Vote

WASHINGTON, May 24.—The real test of the strength of the insurgent movement in the senate against administration leadership on appropriation bills will come when the senate votes on the naval amendment increasing the pay of the navy, \$15,000,000.

This means an increase in the personnel of the navy by 20,000 men over the House provisions.

The House set the navy strength at 100,000. The senate naval committee made it 120,000 by boosting the pay item.

The insurgents, greatly encouraged by the "moral" victory won in reducing the transportation item \$1,000,000 knocking out entirely the \$1,500,000 Alameda naval base provision and virtually forcing the Borah disarmament provision into the bill over presidential objections, are out to slash the pay appropriation.

The present year marks the one hundred and fiftieth anniversary of the incorporation of the New York Chamber of Commerce.

Informal Dinner Dance
Is Given For Friends

Mrs. Gertrude Sacker, daughter of Mrs. Henry Braun of 800 South Glendale avenue, was the charming hostess Monday evening at an informal dinner dance and party held at her mother's home. Covers were laid for seven, the guests including just the more intimate local friends of Mrs. Sacker.

After a delicious five-course dinner had been enjoyed by all present the remainder of the evening was spent in dancing, music and games. A short musical program, including beautifully-rendered solos by Mr. Starbuck and Mr. Timmons, respectively, was heartily appreciated by all. The clever hostess accompanied both soloists on the piano.

Those who enjoyed Mrs. Sacker's hospitality were Mr. and Mrs. J. R. Strode, Mr. and Mrs. George H. Starbuck, Miss Agnes L. Krachey and A. D. Timmons.

readings, including "Little Brown Baby," "Nathan's Flat" and "The Modern Washington."
O. E. Von Oven, prelate; F. H. Vesper, treasurer; Charles C. Rittenhouse, recorder; Burt Richardson, standard bearer; S. S. Gilhuly, sword bearer; J. I. Wernette, warder; Charles H. Ravenscroft, sentinel; Wm. S. Greer, Wm. H. Reynolds and Thos. Wood, guards, were then presented in order and were administered the oath and invested with the jewels of office.
Mrs. Catherine Shank, whose appearances are always greeted with pleasure, very beautifully rendered a group of vocal solos, "I Know a Lovely Garden," "Reminiscence" and "To You."

Addresses Are Given
Speeches, which were very much enjoyed, were then made by Sir Robert Wankowski and Sir A. J. Copp, Jr. Commander Dan Campbell then called upon Perry Weidner, who, he stated, was one of the highest Masons on the Pacific coast as regards standing. He is past grand commander of the state of California and at the present time is past grand standard bearer of the national encampment of the United States. Mr. Weidner spoke on Americanization and made a plea for the Smith-Towner bill for nationalizing education. Eminent Sir Rowley spoke of the splendid work being done by Glendale Commandery, No. 53, as did also Sir Hall of Pasadena.
Sir Clem L. V. Moore was next called upon and presented Past Commander Percy J. Prialux with a medal as a small token of the appreciation of members of Glendale Commandery, No. 53, for the splendid manner in which his year's work was accomplished. In his response Sir Prialux stated that he appreciated having had the honor of serving as commander of this commandery.

After singing two verses of "My Country 'Tis of Thee," the members and guests adjourned to the banquet room where ice cream, cake and coffee were served.

Grand High Priest Talks
Commander Dan Campbell stated that he did not feel that the evening would be complete without having a few words from one of the biggest Masons in Glendale, Sir Mattison B. Jones, who is grand high priest of Royal Arch Masons of the state of California.

Sir Jones brought greetings from 17,000 Royal Arch Masons of this state, and said that while there is a distinction between Royal Arch Masons and Knights Templars there was no difference, that both stood for better men and a better country for all.

Mrs. Dan Campbell was then called on and responded most appropriately.

Want To Help Babies Of Poor On Vacation?

Mrs. R. W. Meeker of 1320 East Colorado street is in receipt of the following letter from the ways and means committee of the county council of community service:
"Two years ago a movement was launched by the council of community service for the creating of a fund to be known as a 'milk and maintenance fund' to provide vacation homes for undernourished children of Los Angeles, John F. Myers, city auditor, serving as treasurer. A fund of \$15,000 was raised in the campaign last year, at an expense of less than 1 per cent. This fund provides milk for babies in private homes and institutions, also giving 240 babies and sixty-six adults a vacation at Del Ray and placing 205 children on rations for the summer.
"This year the council of community service plans to extend the scope of its big humanitarian mission and will supplement the work of last year through the new year-round camp 'Monte Vista Lodge,' to be used exclusively for undernourished and convalescent children. May we depend on you to help this worthy cause that the babies and children may have a chance for life and health and a glimpse of happiness, which is every child's heritage. You help unfortunate babies in Europe, let us not forget the little ones in our midst.
"A vacation for one child averages 67½ cents a day, or \$10 for two weeks at either camp. Make checks payable to the milk and maintenance fund, John F. Myers, treasurer.
"Cordially yours,
"Mrs. John F. Myers,
"Miss Jane C. Humphreys,
"Mrs. Florine H. Wolfstet.

Many Features To Be Given At Brand Field

Preparations are being made for the largest doings of the year for the boys who have been members of the grammar school groups of the county Y. M. C. A. during the past winter. The big event is the round-up scheduled to take place at L. C. Brand's aviation field next Friday night and Saturday. One of the features which the boys are looking forward to with much interest is the opportunity to engage in a push ball contest. Cage ball, soccer and other games are also on the program.
Mr. Brand's generosity has not only made available his aviation field and all details for this outing, but also includes an inspection of his airships. Mr. Brand has consented to be at the campfire gathering and will give the boys a word of welcome.
Charles Paddock, the speediest runner alive, is also to be present and will speak to the boys, which event the boys are looking forward to with much anticipation.
Saturday morning has a full schedule of athletics, hikes and other activities in harmony with the occasion and a boy's idea of "something doing."

Snake Paperweight Is Live Desk Ornament

NORMAN, Okla.—Some men who sit behind broad-top desks all day, have pet cats stretched in front of them, sleepily watching callers come and go. Others are content with miniature elephants that can be used as paperweights. But Emil R. Kraettli, secretary of the University of Oklahoma, has an entirely different pet—calls him Pewee.
And Pewee is a six-inch bull-snake. He lives in an open ink well and can come and go as he pleases. However, he never ventures near the edge of the desk any more, since one serious fall of more than three feet.
Pewee was picked up by Kraettli while walking along the banks of the South Canadian river. Thus far Pewee has refused to eat anything that his master has offered him.

Pamphlet Is Written By A. William Goetz

A. William Goetz, 1504 South Glendale, Glendale, has completed a pamphlet relative to "spiritism" and "spiritualism." He states that "spiritism and spiritualism in modern times are terms greatly misapplied. This is due through the misconception and lack of correction by those who should know better. Through misapplication, these terms have come to signify one and the same belief, creed or philosophy. Though in some respects alike, in truth they are quite opposite."
In his pamphlet Mr. Goetz declares spiritism is a selfish, personal creed. He then takes up spiritualism and Christianity. He has a number of the pamphlets for distribution.

Hobo Cat Rides Rods; Now Mascot Of Crews

KANSAS CITY, Mo.—Earl Parker, cook on a "Frisco" diner, was giving an egg omelet a fine beating with a spoon as his train rolled out of Fort Scott, Kan., when he heard a loud and plaintive "me-ow."
"Where's the cat," he asked of a waiter.
"Cat?" replied the waiter, "you're hearin' things."
When the train arrived at Kansas City, Parker heard the feline screech again. Investigation revealed a small gray kitten curled up comfortably on the trucks under the diner. It had hopped its way from Fort Scott to Kansas City and when taken from the trucks and placed on the platform promptly climbed back on the trucks again. The hobo kitten is now the mascot of the train crews in the "Frisco" yards here.

"I do," replied Farmer Cornstossel. "And that isn't all I think. After the money has been borrowed some further arrangements ought to be made to prevent so much trouble about payin' it back."

QUESTIONS; PICK
OUT ANSWERS****'DEAR KATIE' GIVEN LIST OF
HARD ONES; CAN YOU SOLVE
ANY OR ALL OF 'EM?**Glendale, May 24, 1921.
Dear Katie—Well, yesterday I
went to The News office as is usual
to make my report. The boss was
there and he spoke real nice to me
and he said it was a nice day, so we
didn't argue about that. However
my keen cutter perceptiveness told
me that he had something on his
mind which was comin' my way so I
kept one foot on the floor and waited
kinda self unconscious like.Then he says what do I know about
those questions that Thomas Edison
has had in the newspapers lately.
Well Katie, I was kinda stunned for
a minute and I didn't say nothin', but
just chalked my cue and waited.Then he says, how many of them
could I answer.Well, I says kinda off hand that
I had seen the list of questions, but
I didn't bother to look 'em up in my
dictionary, cause I ain't figurin' on
bein' a school teacher and I said as
how I'm already a orator, a poet, a
artist, a human time table, a player-
piano, a reporter and a single bach-
elor and ain't that enough.No, he says, that ain't enough, and
he handed me a long list of them
Edison's questions for me to answer,
just to prove my wonderful knowl-
edge of things.**Fulla Questions and Answers**Well, Katie, I brung the list home
and I got out the map of the world
and part of Wisconsin.Then I got a bible, a dictionary of 7
languages, the 3rd reader, the police
gazette and 18 ensacklopedias, which
I borrowed from the neighbors and
after studying for 4 hours, I got
answers to all except 157 out of the
160 questions. Say that guy edison
is as full of questions as China is of
Chinamen. To take him away from
his question book would be like takin'
the baby away from the candy.I bet he laid awake nights to think
of those live wires.Some of 'em sounded like: How
old is Ann? Who won the war, and
why? and what does the word xantho-
cyanopsy mean, if anything?Some of his questions was: Where
was Napoleon born? At what speed
does light travel? What is a mon-
soon? and how is glass made?I got stuck on: Who discovered the
Pacific Ocean? I was in doubt
whether as how it was Anet Keller-
man or Mack Sennett.Well Katie, I got full of disgust
and I took the list of questions back
to The News' office and I says to
the boss as how I was willin' to call
it a tie game, cause I never was no
hand for riddles no how. At that he
looked kinda disappointed and I felt
like the duce in a whist game. But
I stood on my dignity and kept my
fingers crossed.Then he told me as how I spoke
the local language like I had got it
from the streets of Cairo and as how
I didn't even know whether Oshkosh
was a city or a disease. He says as
how if I'm going to be a reporter that
I got to know more about ancient
history. Then he gave me another
list of questions which he made up
himself and he says he would ex-
pect me to guess all the answers by
next Saturday or ———!I didn't hear them last words,
Katie. I took the list and come home
again.**Try These on Your Piano**Here is the 14 questions, Katie,
that I got to answer. What do you
think about em if at all?

1. What excuse does an electrician
offer when he makes a mistake?
2. Who was it that said it pays to
keep chickens?
3. Can you form a sensible sen-
tence of only eight words, using every
letter in the alphabet?
4. Can you form a disagreeable
sentence, using less than 20 words?
5. Can you use the word "that" in
a sensible sentence, five times con-
secutively?
6. What breaks up more homes
than divorces?
7. Why does it pay to advertise?
8. Who will be the five persons
elected for the city council at the
coming election in Glendale?
9. How does it happen that so
many people in Glendale can own
automobiles?
10. What president of the United
States was once compelled to enter
the White House in disguise?
11. In what month does the
Fourth of July occur in Australia?
12. In what one year since 1793
was there no pennies coined in the
United States?
13. 9x4x0x2x6—what?
14. If it takes you one hour to
walk four miles, how long will it
take to run back?

Katie, if I don't answer them 14
questions by next Saturday I'll be
outta luck and I already got visions
of a strivin' reporter out of a job,
but if I can answer em Katie, I'm
going to ask the boss just one ques-
tion and that is:
"When do I get a vacation?"
Well good bye, as the guy says
that jumped off the top of the Wool-
worth building.

Yours without question

E. C. HALE.

S. O. S.—Look for my letter next
Saturday Katie, so you can see how
I come out.**Edison To Copyright

satisfied with "The Married Virgin,"
the photoplay which is to be shown

with dramatic situations which will
cause the most blasé to gasp.The cast is headed by Vera Sisson,
and Rodolfo di Valentini, who made
such an impression with Clara Kim-

Join Nations' League**LONDON, May 24.—Great Britain
has accepted it as a fact that America
will not join the League of Nations.The message was given here by
Ambassador George Harvey in his
address speaking before the Pilgrims
and a number of high British offi-
cials. The Times said:"The allies will meet America
more than half way. Disappoint-
ment will be caused by his outspoken
differences to the League of Nations,
but at least we know where we stand.
"The League has its own sphere
which should not estrange American
feeling nor lessen respect for its en-
deavors.""Nobody on this side desires to
prescribe the channels in which
American good will shall flow, the
Chronicle declared, "but gratitude to
America does not mean that we shall
abandon the League."The Daily News praised Harvey
for not confining himself to conven-
tional courtesies. He knew his hear-
ers wanted to learn the truth, it said.
The News expressed perplexity over
the American attitude on the league,
pointing out that the United States
rejects the league, but wants an as-
sociation of nations; wants an inter-
national court for disarmament, but
will not look to the league for help
in that cause."Is it policy or politics," it asked,
"and if politics is it international or
domestic?"**Baby Voice Pleading

BROOKLYN COLLAPSE CONTINUES; DROPS ENTIRE SERIES

CHAMPIONS SHOW POOR FORM AND PIRATES ARE REAL SEASON'S SENSATION

By HENRY L. FARRELL
United Press Staff Correspondent
NEW YORK, May 24.—After collapse of the Brooklyn champions, continuation of a clean sweep by the Pirates and the erratic work of the Yankees and Cleveland Indians were out of the ordinary events in the major leagues last week.

Uncle Wilber Robinson's Brooklyn craft seems to have hit the rocks and is still sinking. They dropped six out of seven games and were entirely routed by the Pirates who made a clean sweep of a series that was booked to be a bitter battle.

George Gibson's Pirates are the real sensation of the early season. The Pirates had an easy time with the western teams and came east to meet what was expected to be a critical time. However, the Pirates won five out of six games. They slaughtered the Robins and have started in like brigands on the Giants.

Beat Best, Lose to Poor Ones
The New York Yankees have followed their custom of beating the best and being beaten by the poor ones.

Washington came in for some grief on the trip, losing five out of seven games.

Cleveland won four out of seven by getting together after the Yank series and eating up the Senators. Ty Cobb is driving his Tigers right along. The Junglers won five out of seven games and rose to third place. They are playing first division ball and show no signs of faltering.

The Giants were lucky to get out of the Cub series with an even break. They won five out of seven games on the week. The hardest battle of the year confronts them in the present series with the Pirates.

Reds Play Listless Ball
Cincinnati and the Athletics are in a terrible slump, having won only a game in a week. The Reds are playing listless ball and seem to have little care where they land.

Fred Mitchell has the Boston Braves going good. They won five out of six and are closing in on Brooklyn for fourth place.

Terrific hitting continues to be the rage in both circuits. National league teams hit a total of .528 safeties during the week and the American league stickers drove out .597 hits.

Six Dogs Die; Fail To Wear Tag, Muzzle

Six executions took place in Glendale this morning.

Just that many dogs which have been kept in the city pound for five days were dropped dead by merciful bullets.

These canines were unclaimed after being taken up for lack of licenses and muzzles which are required by law.

Glendale Men Are In New Insurance Concern

Among recent incorporations the California insurance agencies with headquarters in Los Angeles is organized by three Glendale people and two Los Angeles associates. The former are A. G. McKinnon, L. F. McKinnon and K. A. Miller. The capital of the company is placed at \$30,000.

Criminal proceedings have been begun against violators of the Migratory Bird Act who crashed into a flock of wild ducks with an airplane, killing a large number.

Yesterday's hero—Wally Pipp. "Dixie" Davis passed "Babe" Ruth and filled the bases to get a crack at Pipp, but Pipp cracked a single and the Yanks beat the Browns in the ninth, 6 to 4.

Jim Bagby held the Red Sox to four scattered hits and the Indians won, 4 to 1.

Washington bunched hits on the White Sox and won, 9 to 5. Ray Schalk went out with a cracked finger.

Detroit beat the Athletics 5 to 2. Bush scored on a bunt in the fifth inning. He beat out the hit, started for second and got to third when Perkins threw wildly and scored on Griffin's bad throw to the plate.

Denies Being Guilty Of Cyclops Tragedy

BERLIN.—The theory that a German submarine or mine was responsible for the unsolved disappearance of the American collier Cyclops in West Indian waters, was refuted today by the Admiralty.

Neither German submarines nor mines were in that vicinity when the Cyclops met its fate, according to the admiralty, which added, that were that the case it would not now hesitate to make the fact known.

As to the theory that a German agent may have placed a bomb aboard, the official stated that nothing was known here of such action, but he assumed that, had such a thing happened, some traces of wreckage from the Cyclops would have been picked up later.

The admiralty information was given only after careful examination of data, and it was said that there could be no doubt as to its correctness.

Pursuit Of Mirage Continued By Sect

SWIFT CURRENT, Sask., May 24.—Pursuit of the mirage of religious freedom was taken up again today by 80,000 Mennonites. Four centuries the sect has followed the phantom.

Arrangements were completed for the transportation of the colony now residing in Canada, to land in Mexico, purchased from the Oregon government for \$5,000,000.

Mennonites have sought asylum where they could live in freedom and practice their religion in Holland, Germany, Switzerland and all through central Europe.

With the passing of successive generations, they settled in thousands near the Sea of Azov in Russia, under promise of religious freedom. This promise was rescinded a half century ago and Canada became their mecca. They first arrived in 1873 and settled in western Canada, under agreement with the government, which Mennonite leaders interpreted as the right to educate children in schools of their own, granting religious freedom and exemption from military service.

Compulsory military service enforced in Canada during the war started trouble between the government and the colony.

The entire holdings of land of the old colony of Mennonites, comprising approximately 105,000 acres of good farm land, will be sold to a company of Florida capitalists, under negotiations now understood to have been concluded.

The amount involved in the transaction is reported to be nearly \$4,500,000. The entire sum must be paid before July 1, 1922.

Japan Declines Lead In Disarmament Plan

WASHINGTON, D. C., May 24.—Japan feels the initiation of a disarmament movement should rest with Great Britain or the United States and her government will not take the lead in such a step, it was learned today, from well informed sources here.

The Japanese government, it was said, is determined to have a navy strong enough to cope with the force which any enemy might concentrate in the Far East.

This is declared to be the Mikado's attitude toward the agitation for a naval agreement among the three principal naval powers—Great Britain, the United States and Japan.

To carry out this policy the present government of Japan is understood to feel that their navy must be constantly increased to keep abreast of the other two major naval powers.

Japan is now carrying out the famous "eight-eight" naval program authorized by the Diet last summer which, it is estimated will give her a first line fleet of sixteen battleships under eight years of age by the end of March, 1928.

Japanese officials, however, are said to realize that no matter what necessity arises the empire cannot hope to build a fleet equal to Great Britain or the United States, should these countries elect to continue the race in naval construction. Her inferior financial resources would prevent this. In this connection a recent dispatch from Tokio reported that a new naval budget is being prepared with a view toward reduction of expenses.

Washington Folk To Picnic Next Saturday

All who ever lived in the state of Washington are invited to a great picnic reunion, all day, Saturday, May 28, in Sycamore Grove park, Los Angeles.

There will be county registers and headquarters so you can find the old neighbor even with thousands present. There will be a brief program opening about 2 o'clock, but the main purpose will be to have a good time and to meet friends from all over Southern California. Coffee will be served free to all who buy the silk souvenir badges. Martin Korstad will preside.

Further information may be had of C. H. Parsons, secretary of the federation of state societies, South Main street, Los Angeles.

Teach Male Students To Handle Dishrags

PITTSBURG, Kan.—Dishwashing for men has been added to the curriculum of the Pittsburg normal training school.

Dean Hattie Moore Mitchell has installed a system in the cafeteria by which the boys and girls who patronize it not only wait upon themselves but also are their own "dishwashers."

This plan enables the students to get their meals cheaper than they otherwise could do and at the same time gives them the opportunity to become expert "pearl divers."

Many male students attend the institution.

June Brides, Here Is Something For Thought

CHICAGO—Horse sense is the biggest single factor in a successful marriage, says Mrs. Catherine Waugh McCulloch, Chicago, woman lawyer. She believes this so thoroughly that she advocates a certificate of good sense for prospective brides and grooms.

Such certificate, Mrs. McCulloch said, should be required along with a health certificate, prior to the issuance of the marriage license.

"Women should share equally in administration of the family purse," said Mrs. McCulloch. "Therefore they should have some real horse sense."

ROAD PULLMANS IN FRANCE

Tours of the battlefields of France are now made by means of "Road Pullmans," which are very commodious trailers hitched onto the rear of a powerful touring car, and in this the traveler eats and sleeps. A party of six persons can be accommodated easily on one of these cars, and if they are willing to crowd in, a few more may be taken along.

ELDER BEN P. LE DUC COUNTY C. E. BOARD FROM JAPAN VISITS IN GLENDALE IS GIVEN DETAILS OF CONVENTION

ECONOMIC BOYCOTT IS PLAINLY
SEEN ON FOREIGN GOODS,
STATES MISSIONARY LOCAL COMMITTEE PAYS VISIT
TO LOS ANGELES AND TELLS
ABOUT GLENDALE'S PLANS

Elder Ben P. Le Duc and wife, who for eight years have been in the Seventh-day Adventist mission field in Japan, were visitors yesterday at the home of Professor and Mrs. W. W. Ruble of 420 North Isabel street. Mr. and Mrs. W. W. Le Duc, parents of the pastor, and Dean Le Duc, a brother, all of Anaheim, accompanied the returned missionaries on their visit to the Pacific Union conference offices here.

The Le Ducs arrived in San Francisco from the Orient on Friday and were met by Mr. Ruble who was a college acquaintance of Mr. Le Duc about twenty years ago.

Boycott on Foreign Goods
In their conversation about conditions in Japan at the present time, Mr. Le Duc told Mr. Ruble that the Japanese economic boycott of foreign goods was easily discerned in the difference between the tariffs of Japan and China.

In other words, Japan wants to build up a high export trade without importing any more material than necessary.

Tokio is the headquarters for Mr. Le Duc and he plans an early return to the Nipponese empire where he has met, with considerable success. He made no comment on the anti-American feeling which is reported prevalent in Japan at the present time.

In Southern California

Divorce Judges on Night Shift

With ministers and others performing marriage ceremonies any time between morning and midnight, the divorce judges in Los Angeles have been forced to adopt similar hours. For the first time has the crowd become so great that the mills of justice are grinding off the chains that bind.

May Tax Boze Prescriptions

Doctors' booze orders in Los Angeles will have 50 cents added to them for city tax, according to the latest plan of revenue raising taken by the council. In other words, those that are sick must pay.

Plan Advertising Campaign

Plans for advertising southern California during the summer months were laid at a luncheon in Los Angeles yesterday. An organization committee was named which will bring tourists from the western and middle western states here when the climate is more favorable here than in their own country.

Another Resignation Results

Writing fits to another chapter of the National Guard fiasco in Los Angeles, Captain J. C. Doorley has resigned from the command of Company L. The order to resign was the result of the findings of the court of inquiry in the case of James McKnight, who resigned as assistant adjutant-general. And the end is not yet, it is hinted in Los Angeles.

Society Editor and Captain Wed

Miss Verna McLeod, society editor of a Riverside paper for six years, yesterday was married to Captain Arnold Shutter, U. S. A. They left for Camp Pike last night where he will be stationed in the field artillery service.

Crooks Busy in "Blue" Towns

From Long Beach and Pomona, the two "blue" towns of southern California, come the reports of arson, burglaries, safe cracking, etc. This carnival of the crooks looks as though they had spotted a certain class of towns as easy to "clean up."

Eddie Rickenbacker Takes Tumble

Captain Eddie Rickenbacker has had a lot of luck. But yesterday he took a tumble that may set him to thinking of the folly of aviating about. He was flying from San Diego to Washington, D. C., when the rain forced him down at Rogers' Airport in Los Angeles. There it was that the plane lit on its tail, broke a propeller and wing and didn't hurt anyone.

Jimmie Adams Gains Further Film Honors

Of interest to motion picture fans is the announcement that Jimmie Adams hereafter will make two-reel comedies at Astra studio on Verdugo Road here under the brand name of Adams Comedies. Heretofore he has been working under the Mermaid banner, but the success of his productions has been such as to cause the Educational Film Exchanges of New York to change the trade name on a new series of eight to be produced this year.

work being done in this section and a delegation twenty strong stood with her and repeated the convention committee's motto, "Christ Pre-eminence." All city districts were then heard from. An unusual feature of two of the city districts is that their officers are men. There was quite a little fun over these "he-men" organizations.

Plans Are Outlined

Now for the important event. Howard Brown, chairman, led the way on to the stage, followed by the secretary of Glendale convention committee, Miss Nancy St. Clair. Miss Ethel Preston and Mrs. C. C. Stoler busily discussing plans for entertaining the delegates then strolled in. W. G. Boyd, chairman of halls, and George Daugherty, vice chairman of ushers, were planning the location of coming convention meetings. Miss Carol Duncan and Miss Mary St. Clair were talking of welcoming delegations on the trains. Harry Harple was discussing post-office and information booths with Will Marple and C. C. Stoler, chairman of decorations, as they came in. A. L. Baird and James Cooper came in with chairs for the folks and had time to mention finances with Lowell Donnell, chairman of the registrations.

Introduces Each Chairman

Some members wore sombreros and others large badges to indicate their committee. Howard Brown called local convention committee now assembled on the platform, to order. As Miss St. Clair called the roll he introduced each chairman, who gave short snappy accounts or hints of what their committees were planning. The object wasn't to tell all—just get Los Angeles county talking Glendale. After Mr. Brown's final talk Glen and Dale know that every one will be thinking and planning for June 25 to 29.

Arrest Roy Gardner During Poker Game

SACRAMENTO, May 24.—Roy Gardner, California mail robber, arrested at Roseville, near here at midnight last night, showed far more interest today in the fact that his arrest broke up a poker game than in anything else.

"You should have seen that game-keeper's face when they arrested me," Gardner commented. He was arrested while playing poker.

"It was the funniest thing I've seen since I left Los Angeles."

"I was dealing the cards when they stuck the gun in my face and I kept right on dealing, but I thought the fellow who was running the game was going to pass out."

Gardner's sudden arrest, after he had eluded a posse for days, came as a surprise to local police. Gardner was brought here from Roseville early today.

"What's your name?" Detective Sergeant George Maley, asked him. "Gardner," was the reply.

"What's your first name?" he was asked. "Roy," came the answer.

"Oh, yes, I've read about you in the papers," commented the officer. Whereupon Gardner began telling about the poker game.

Gardner denied he was connected with the robbery of the mail car near New Castle, Friday night, when more than fifty mail sacks were ripped open and the mail clerk bound and robbed of \$11 and a watch.

Battles With Bulldog, Then With Burglars

LOS ANGELES, May 24.—Attacked by a large bulldog which two burglars stole when they ransacked the grocery store of W. J. Rose on San Fernando road, Officer C. F. Thomas was compelled to battle with the animal before he could overpower the two suspects.

Thomas, who lives near the grocery, was aroused by Rose at 2:30 this morning. They pursued the alleged thieves and overtook them in Tropic. As Thomas attempted to handcuff his prisoners the dog attacked him. Thomas battled with the animal until Rose, its owner, ran up and called the bulldog off.

The prisoners are charged with burglary and suspicion of being deserters. Their loot was small.
